By: ROCKS/A Date: 7.2.2003

1. The Military Committee have examined SACLANT

paper on the Concept of Activation and Operation of the Standing Naval Force Atlantic, and recommend that, subject to the following amendments, the Defence Planning Committee approve the concept for implementation on 11 January 1968, or as early as practicable thereafter, utilising the staff and ships assigned to MATCHMAKER IV.

2. The purpose of the Military Committee amendments is to ensure close political as well as military surveillance and control over the movements of STANAVFORLANT during peacetime operations and during periods of tension. While in some cases it may be desirable from a military viewpoint for SACLANT to have authority to start moving the force toward a threatened area at the beginning of a period of tension, the MC recognizes that there may be political objections to this delegation of authority.
