Subject German airfields in seventh slice.

1. During infrastructure committee meetin on 29 November 1955 German delegation requested SGLO to ascertain from SG the number of airfields which will be included in seventh slice German programme.

2. German delegation suggested that problem of financing need not be considered by military authorities since this problem will be considered by infrastructure committee and council.

3. As a result of para 1 above and a visit from German delegation to SGLO there is no doubt that SG 137/47 paras 19 and 22 have been taken by Germans to read that German seventh slice is to be limited to 5.2 million.

4. The above problem has also been represented to SHAPE who is still continuing to programme German airfields in accordance with SG 137/43.

5. Request SG position with regard to seventh slice German infrastructure be signalled.
