MEMORANDUM FOR ALL MILITARY REPRESENTATIVES

SUBJECT: Aircraft Deficiencies - Paris Plan

Reference: SGM-1234-51

1. In SGM-1234-51, nations were requested to furnish deficiencies of aircraft based upon national force contributions as agreed in D.C. 28.

2. Since the issue of SGM-1234-51, most nations have changed their national force contributions towards meeting the requirements of the Paris Plan. If nations have not included their deficiencies for these revised contributions in their returns to the Defense Production Board and the Standing Group, they are requested to forward, as a matter of high priority, revised deficiency figures for aircraft, and associated equipment, or a no change report.
