MEMORANDUM FOR THE SUPREME ALLIED COMMANDER ATLANTIC

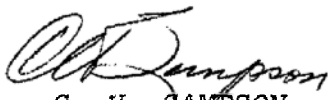

SUBJECT: ACP 148 - Proposed Re-write of Article 1740

References: a. SACLANT SER 1541 of 15 Dec 54
b. SACLANT SER 617 of 26 May 55

1. The proposal contained in reference a, as amended by reference b, is agreed and will be written into a revised version of ACP 148 now being considered by the Standing Group.

2. Since the instructions for the encryption of Meteorological reports must now be issued as a change to ACP 213 (Merchant Ship Cypher Instructions) on similar lines to changes already issued in ACP's 230, 231 and 269, and that as the purpose of ACP 148 should be merely to state conditions governing transmission of weather reports and the form such reports should take, the references to bi-section have been omitted.
