MEMORANDUM FOR THE GREEK MILITARY REPRESENTATIVE

SUBJECT: Iceland.

Reference: Your letter No. AP 7636 dated 27 June 1956

1. It is fully appreciated that the time allowed for processing the report on this subject is very short. It is much regretted, however, that there is no practicable alternative to the program set out in MRM-79-56, since the Council specified that the report should reach them by 9 July, if possible. This, in effect, means that it should be approved by the Military Representatives Committee not later than at its meeting on 5 July, in order that it may be transmitted, as finally approved, in message form to Paris that night or early the following day.

2. As regards the transmission to national authorities of messages LOSTAN 1730, LOSTAN 1737 and LOSTAN 1738 and of the Council's final communique dated 5 May, it is assumed that, these being all records of Council proceedings or Council papers, they will have already been transmitted to Athens either direct from the International Staff or through the Greek Permanent Representatives on the Council. However, a message has been despatched to the Standing Group Liaison Officer in Paris asking him to ensure, so far as this is possible, that this has been done.
