COMITE MILITAIRE DE L'ATLANTIQUE NORD

Standing Group

Groupe Permanent

Meteorological Committee

SGM-494-56

13 July 1956

MEMORANDUM FOR THE SUPREME ALLIED COMMANDER ATLANTIC

SUBJECT: Weather Reports from Ships and Aircraft  
in War Other than Ocean Station Vessels  
and Meteorological Reconnaissance Aircraft

References: a. SACLANT SER 612, 25 May 55  
b. Item 25, Minutes 13th Mtg., SGMetCmte  
c. SGWM-426-56

1. In reference a, the Meteorological Committee was requested to review the provisions of the enclosure thereto from a meteorological aspect.

2. As a result of this review, the Standing Group Meteorological Committee has furnished to the Communications-Electronics Coordination Section a suggested redraft of Article 418, ACP 176(A) for their consideration.

3. The Standing Group Meteorological Committee encloses some recommended changes to your NCCP 1, Chapter 7, Section V, for your consideration.

FOR THE STANDING GROUP METEOROLOGICAL COMMITTEE:

  
G. D. ALBER  
Deputy Secretary

Enclosure:  
Recommended changes to  
NCCP 1, Chapter 7,  
Section V

ENCLOSURE

Recommended Changes to NCCP1, Chapter 7, Section V  
(Redraft)

- Article 740 b(2)(b) OTC should be spelled out in full.
- 741a Add after "applicable" the words "or in the Weather Section of the appropriate Air Force Operational Command Code, for example, Maritime Air Code".
- 742b Line 1 add "or meteorological CCM" after "system".
- 742b Line 5 and
- 742d Line 2 insert "operational" before "CCM" to distinguish from meteorological "CCM".
- 742b Under Report Designator change "Pilot Report" to "Aircraft Report". In the Example change "SMNA" to "SMNT".
- 744b and c Fleet Weather Centers only are mentioned but messages from Air Force aircraft will be received at Air Force formations. Therefore "appropriate Fleet Weather Centers" should be changed to "appropriate meteorological office".
