MEMORANDUM FOR ALL MEMBER NATIONS (less Iceland)

SUBJECT: Policy for Issuing Certain Non-Cryptographic JANAPs and English Language ACPs to NATO Nations

1. On 23 July 1956 the Military Representatives Committee approved a report on the above subject in which it was concluded that:

a. Existing national requirements for non-cryptographic JANAPs and English language ACPs presently approved for NATO use should be considered as firm at the time of initial printing for the purpose of distribution planning.

b. Should any material increase be made in the requirements for a publication or change which has been printed and distributed, production of the increased requirements will be the responsibility of the nation concerned, provided such increase cannot be fulfilled without a reprint, by the Military Services of the nation responsible for producing the publication.

c. Any material increase in requirements received subsequent to the printing and distribution of the initial publication or change will be reflected in the bulk deliveries of the next successive revision or change to the nation concerned.

d. The military services of the nation producing the publication should endeavor, whenever possible, to fulfill increased requirements from existing stock.
