MEMORANDUM FOR THE EUROPEAN COMMUNICATIONS SECURITY AGENCY

SUBJECT: Compartmentation of Army and Air Force  
Cryptographic Systems

References: a. SGM-280-59, Item 31  
b. SGM-162-59, Item 31

1. At its Seventh Meeting, the NATO Communications-Electronics Board agreed to refer to ECSA for study the French supporting statement contained in reference b, as modified by paragraph 196 of reference a, <sup>AND ENCLOSURE 7 OF REFERENCE a.</sup> It also directed ECSA to study a back-up system as soon as possible after the compartmentation of the primary system is resolved, taking into account DACAN recommendations for distribution of reserve materials.

2. The above is furnished in confirmation of the action taken by the C-E Board.
