MEMORANDUM FOR THE ADVISORY GROUP FOR AERONAUTICAL
RESEARCH AND DEVELOPMENT

SUBJECT: Rotation of AGARD General Assemblies

Reference: AGARD letter, subject as above, 7 Jan 55

1. The Standing Group supports the policy of rotation of AGARD General Assemblies in order that AGARD can perform effectively the mission outlined in its terms of reference, S.G. 110/4 (Final).

2. It has been the rule in the past to rotate the Assemblies among the participating countries. This policy is in accordance with the recommendations of the meeting of the NATO Aeronautical Research and Development Directors held in Washington, D.C. 2-9 February 1951, which established the basic terms of reference for AGARD (S.G. 110/2 (Final)).

3. While approving this policy in principle, however, the Standing Group wishes to emphasize AGARD's responsibility to exercise economy in planning for and carrying out the General Assembly programs. The amounts required for travel and other purposes in connection with the General Assemblies will, as a matter of course, receive the scrutiny of the Military Budget Committee and must be fully justified.
