PROPOSED REVISION OF THE NORTH ATLANTIC TREATY ORGANISATION SECURITY SYSTEM

Report by the Working Group on NATO Security

At their meeting on Tuesday, 11th March, 1952, the Working Group on NATO Security considered further the amendments to DC 2/7. The Working Group noted that as a result of the fuller explanation of the Working Group's views which had been given to the SCC by the Standing Group Liaison Officer, the SCC was now prepared to accept the Working Group's views on the points which remained outstanding. The points concerned were contained in the following paragraphs of SG 7/46 as:-

3. Paragraph 7 of Appendix to Enclosure.
10. Paragraph 5 of Annex "B" to Appendix
11. Paragraph 6 of Annex "B" to Appendix
14. Paragraph 10 of Annex "B" to Appendix
17. Paragraph 15 of Annex "B" to Appendix.

The amendments to these paragraphs as proposed by the Working Group and reproduced in the left hand column of SG 7/46 are therefore to be substituted where appropriate in the revised edition of DC 2/7 already circulated under SGM-36-52 of 5th January, 1952.

With the incorporation of these technical amendments, the Working Group recommends the approval of DC 2/7 by the Council Deputies. The Working Group has yet to make its final recommendation on the question of security organisation referred to in paragraph 3 of Appendix to DC 2/7, which is now under consideration.

(Signed) M.J.M. STALL
Chairman,
Working Group on NATO Security.
