COMMITTEE ON THE ANNUAL REVIEW

DISTRIBUTION OF REPLIES TO ARQ(52)

Note by the Secretary

Corrigendum to Questionnaire ARQ(52), dated 24th July 1952, amended page 6 of the reference document to provide that the number of copies of replies to ARQ(52) to be provided by countries would be communicated to Delegations at a later date.

2. The Committee at its meeting on 28th August agreed that countries would submit, as a minimum, the following number of copies:

- (a) 55 copies of Tables 1, 2, 3 and 5a
- (b) 85 copies of all other tables and memoranda.

This number of copies will make possible a minimum distribution on category (a) of three copies and on category (b) of five copies to each Delegation, with 15 copies of the entire reply for the International Staff/Secretariat.

3. The Committee also agreed that countries might, if they chose:

- (a) include Table 5a in the less restrictive category; and
- (b) submit additional copies of the less restrictive category to make possible a distribution equal to the needs of Delegations.

4. For those countries willing to submit additional copies, the Secretariat has been informed of the following desires by delegations for copies of material in addition to the provision of para. 2(b): Belgium, three; Canada, one; Denmark, one; France, seven; Italy, one; Netherlands, one; Portugal, two; United States, ten for Table 12 and 35 for the balance. Any delegation interested in meeting these desires should submit 110 copies of Table 12 and 135 copies of the other material identified in para. 2(b) above.

N.A.T.O RESTRICTED  
AC/19-8/14

5. All copies of replies should be submitted, in either English or French, directly to the Secretariat. As previously agreed by the Committee, copies of replies in the original language will be distributed immediately by the Secretariat. Textual material will be translated and distributed in the other language with tables in the original language. In this connection Delegations are invited to notify the Secretary of the Committee at the earliest opportunity of the language (or distribution between languages) in which they wish to receive copies of national replies.
