NATO INTERNATIONAL INFORMATION MEETING

12th - 14th April, 1951

DRAFT RESOLUTION BY THE ITALIAN DELEGATION

The NATO Conference of national information officials at its meeting in London on 12th April, considering that the Soviet propaganda machine has for too long had a free run in providing aggressive campaigns, on a world-wide basis, by distorting facts and even the meaning of words;

Agreed on the desirability for the Council Deputies to study what effective steps could be taken to establish policies designed to turn the present defensive position of NAT countries in the counter-propaganda field into active initiatives likely to make a strong impress on public opinion.
