SUBJECT: NATO Defense College Temporary Advisory Committee

Below for your consideration is quoted a letter from the Greek Military Representative, No. EP 1322 of 28 January 1954, proposing agenda items for the subject committee:

"Reference M.R.M. 1 - 54

"1. By para 4 of the document, under reference above, the NATO Nations have been requested to forward to the S.G. the items which they wish to have considered by the Advisory Committee, for inclusion in the Agenda of its forthcoming meetings.

"2. The Greek National Defense General Staff proposes the following items for the said purpose:

- (a) Problems under consideration of NATO Defense College.
 - (i) The Cold War and effective coping with it.
 - (ii) Way of Co-operation with outside NATO Nations, which are of interest to NATO.
- (b) General:

As it is understood, the NATO Defense College is not in a position to produce all Staff Officers for NATO and National H.Qs., and therefore, the NATO Nations rely on their National Staff Colleges. Now it is proposed, the following be examined: "whether the NATO Defense College can help the different National Staff Colleges, by sending to them instructions, lectures, problems to be discussed and different other material of any type, which can help them."
