 g. SGM-537-57, 12 Aug 57

1. Reference a requested the TELEX call sign of the Standing Group. Reference b was dispatched as an interim answer to reference a, and reference c completed all Standing Group action on reference a.

2. Subsequently, reference d was received by the Standing Group and answered by reference e.

3. To clarify any possible misunderstanding as mentioned in reference f, the Standing Group does not propose to include TELEX numbers in reference g since the TELEX call signs of the Standing Group have been dispatched to the two nations concerned (Norway and Portugal) by reference c. For the purposes of Transmission of Warning of Attack (reference g), the Standing Group does not consider that a separate NATO TELEX directory is necessary.
