SUBJECT: Identification of Aircraft  
References: Belgian MilRep Ltr: 3483, 25 Jul 69

1. As you are aware, the IMS does not have the technical expertise to develop a valid operational concept on the employment of hand held air defensive weapons.
2. I have despatched a memorandum to the Assistant Secretary General, Defence Support Division asking his assistance in bringing this problem to the attention of the applicable Armaments Groups.
3. I have instructed my action officers to the Armaments Groups to ensure that this aspect of the IFF problem be considered when the Groups are developing concepts and plans for the intended implementation of a low level air defence system.
