MEMORANDUM FOR THE DIRECTOR, COMMUNICATIONS-ELECTRONICS DIRECTORATE, IS
CHAIRMAN, CIVIL COMMUNICATIONS PLANNING COMMITTEE, IS

SUBJECT: NATO Military Communications Policy

References: a. MC 125 (Military Decision), 15 Jan 1969
b. PO 69/123, 14 March 1969
c. RDC/69/99, 1 April 1969

1. From Reference c, it is seen that the Council has taken note of the NATO Military Communications Policy set out in Reference a with a certain understanding regarding paragraph 6 on the subject of coordination of NATO's civil and military communications.

2. As noted in the transmittal document at Reference a, MC 125 has been addressed to the NATO Military Communications Policy. However account has been taken of the possible use of this document in a broader context so that the document could be used as the basis for the development of an overall NATO Communications Policy designed to provide guidance to all users whether civil or military.

3. It is suggested that it would be desirable at this time to consider in what way it would be necessary to amend the present Military Communications Policy paper to make it suitable as an overall NATO communications policy document.

4. Comments on this proposed course of action would be appreciated.
