ANNEX

Text of a letter dated 12th January, 1951 from the
Canadian Delegation about the Questionnaire on
National Military Service, Training and Mobilization

I refer to your Secretarial Note of December 12th (NACD/16), enclosing, at the request of the Chairman, copies of a questionnaire relating to National Military Service and Training for transmission to Governments.

A copy of this questionnaire has been submitted to the Canadian authorities, and we have now been advised that since the questionnaire applies to a National Service system, replies from the Canadian Government do not appear to be required.
