SEMI-ANNUAL REPORT TO COUNCIL DEPUTIES FROM STANDING GROUP ON STATUS OF FORCES

Note by the Executive Secretary

1. In STAND 236 (circulated separately) the Standing Group suggests that the Council Deputies accept a report of the Screening and Costing Staff (SCS/33 Final, Part I, Appendix B to Enclosure to Section B) as a substitute for the semi-annual report on the same subject customarily submitted by Standing Group.
2. The SCS document and also two military documents presented to the North Atlantic Council at Rome (M.C.31 and M.C.33) provide full information in a form that is similar to that used in earlier reports by the Standing Group.
3. Consideration of the suggestion of the Standing Group will be placed on the agenda for the Council Deputies' meeting on 11th January, 1952.
